

Profile
<p>An engineering professional who gained interest in business administration and opted for an MBA with immense confidence in building a career in management and successfully building his dream career with the help of excellent organizations to learn and grow consistently.</p> <p>With around 3 years of experience in software space before my MBA, I chose general management as my area to learn, explore and contribute. In addition to this, my interest made me explore other aspects of business administration and looking forward to learning more in the future.</p>
